Job Description

You will be joining the Credit Specialties department as an Underwriter within Risk Services. Credit Specialties is a division within Atradius that offers non-cancellable and comprehensive credit insurance to corporates and banks across a multitude of sectors and regions across the world. You will be evaluating different transactions on a case-by-case basis to determine whether they pose an acceptable risk profile and align with departmental risk appetite. For a full list of our product offerings, please visit Credit Specialties.

Given the nature of our business, we are looking for someone who has an interest in geopolitical developments and preferably has a reasonable grasp of macroeconomics. You will have the opportunity to attend industry talks and broker conferences, as well as receive financial analysis training, ensuring there is development within the role. - Strong written and communication skills with the ability to articulately convey an argument.
