Cyber Security Internship

<u>**Atradius**</u>

We are a world leader in credit insurance and debt collection right in the centre of Cardiff and continually evolving to provide customers and partners with the vital tools, technology, information and services they need to manage risk. As a multinational company we recruit talent throughout the world and promote a positive and diverse working culture for all of our people.

At Atradius, we believe in personal development and the Growth Mindset. Our Culture is based on teamwork, reliable accountability, constantly improving and unrivalled service. Read on more on our Career site: https://careers.atradius.com/en/careers.

<u>**Unit Description**</u>

Within Atradius, information security is managed by the Security Management Team. The Cyber Security Intern will report to the Head of Security, who is responsible for defining the information security strategy, policies, technology, standards, processes and procedures. As well as for monitoring compliance with security requirements and addressing any security issues.

<u>**Eligibility Requirements**</u>

- Enrolled in a year-in-industry program at university.

- A highly analytical individual familiar with a passion for cyber security and protecting data, infrastructure and applications.

- Proficiency in Microsoft 365 applications.

- Familiarity with cyber security tooling.

- Ability to communicate effectively within a team.

- Fluency to a high degree in English is necessary.

<u>**Benefits**</u>

- You'll have a full-time, year-long internship with a competitive starting annual salary, whilst being able to put your fresh skills into practice within the security team.

- You will work in a fully supportive environment

- Flexible working arrangements are available

- 24 days annual leave plus bank holidays

- Office amenities including onsite gym and showers, free on-site parking, subsidised restaurant, coffee shop and games room

- Working with and learning from, an extremely experienced team of Information Security Professionals.

<u>**Desired Personal Attributes**</u>

- **Resiliency**; the Business' transformative period will be especially challenging for Atradius' IT department and individuals will need the ability to absorb setbacks and disappointments, without becoming upset or demotivated.

- **A finisher**; a person who is able to initiate and manage a course of action through to its completion, from end to end.

- **High standards of professional integrity**, which are retained in the face of opposition.

- **Comfortable and effective working autonomously**, without constant supervision and to be able to make your decisions and justify and defend your chosen courses of action.

- **Professional bearing and an eloquent communicator**; coming across as a credible expert in your field and inspiring confidence at all levels in the validity of your advice.

- **Interest** and ability to develop advanced technical knowledge of the domain.

<u>**Equal Opportunities**</u>

The success of our organisation stands with the quality of our people and the ideas they have. Insights and innovative solutions for our customers are the result of an interplay of cultures, knowledge and experience. That is why diversity is extremely important to Atradius. To ensure that all colleagues within Atradius can develop their qualities, we promote an inclusive culture in which everyone feels involved and valued. We encourage and welcome everyone to apply to our positions.
