

Data Analyst Intern (Strategy & Corporate Development) - Amsterdam

We are looking for an enthusiastic individual who can join our Strategic Intelligence Data Science team within the Strategy & Corporate Development department, for a minimum of 6 months from August/September 2026 onwards.

Who we are

Atradius provides trade credit insurance, surety and collections services worldwide through a strategic presence in 50+ countries. Its products help protect companies throughout the world from payment risks associated with selling products and services on trade credit.

The Strategy & Corporate Development (SCD) department supports the Management Board directly through market and portfolio insights, strategic initiatives, and product and service design. The Strategic Intelligence team within SCD is responsible for providing analytical insights as part of our strategy formulation and implementation.

What will you work on?

The successful candidate will be part of Strategic Intelligence's Data Science sub-team, contributing to the team's analytical activities and supporting the delivery of data-driven insights to senior stakeholders.

Here are some examples of tasks and responsibilities:

- Contributing to the monthly reporting tasks of the team.
- Maintaining and improving our team's SQL Server database.
- Automating our reporting processes using SQL and R.
- Analysing and visualising data.
- Undertaking your own analyses to bring fresh insights/ideas to the team.

Who are we looking for?

- Holds a BSc or MSc in a quantitative field (e.g. statistics, life/physical sciences, econometrics, data science).
- Fluent in English.
- Strong SQL skills are required. Knowledge of T-SQL and Microsoft SQL Server would be an advantage.
- Experience with Power BI dashboards is desirable.
- Knowledge of R or another programming language would be a bonus.
- Eligible to live and work in the Netherlands.
- Able to work 60% of the time in the Amsterdam office.

A great applicant should:

- Have an inquisitive mindset.
- Be committed to finding better ways to do things.
- Work through problems by themselves, but is also not afraid to ask questions when stuck.
- Have an interest in data, automation, and data visualisation.
- Have solid organisation and communication skills.

What we offer

- A friendly and challenging environment to learn: international team (25 colleagues with 10 different nationalities spread over 6 European cities).
- Professional and engaging culture.
- The opportunity and guidance for you to improve your skills and experience.
- An allowance every month.

Equal opportunities for all

The success of our organisation stands with the quality of our people and the ideas they have. Insights and innovative solutions for our customers are the result of an interplay of cultures, knowledge and experience. That is why diversity is extremely important to Atradius. To ensure that all colleagues within Atradius can develop their qualities, we promote an inclusive culture in which everyone feels involved and valued. We encourage and welcome everyone to apply to our positions.

I am Atradius! - Do you want to know who we are?
